HIPAAANSWERS™, INC. DEBUTS NEW PROFESSIONAL SERVICES

Minneapolis, MN March 1, 2004 – HIPAAnswers™, Inc. a leading HIPAA Compliance solutions provider announced today the release of the Security version of HIPAAnswers™.

HIPAAnswers™ Security Version is the newest offering. Like its sister product for Privacy, Security provides you the easiest, most complete way to become compliant with the HIPAA Security regulations. Using the unique question and answer approach to determine HIPAA requirements for an organization, HIPAAnswers™ newest product functions in a very similar manner to its existing products.

“This is the next important component in the HIPAAnswers™ product line. We expect this product to be well received for the next two HIPAA enforcement deadlines.” commented Scott Thiele, President and CEO of HIPAAnswers™.

HIPAAnswers™, Inc. founded in 1997 is a Minnesota-based solutions provider for HIPAA compliance. HIPAAnswers™, Inc is a service of Hard Lake Solutions. For more information visit the company website at www.hipaanswers.com or call toll free at 866-326-6785.
